ReStore Coming Soon

If you live in the Defiance area, then it's likely that you've noticed newspaper articles, radio broadcasts, and more, all heralding the opening of the Northwest Ohio Habitat ReStore. A ReStore will offer the community an alternative to retail prices by providing gently-used home and construction materials at low prices. Of course, before we can open our doors to the public, we need to have enough stock to provide an adequate selection of generously discounted merchandise.

There are three ways in which anyone can help with the ReStore. Firstly, you can donate your lightly-used construction material, home appliances, and various other fixtures. If you're amidst remodeling and don't wish to throw away items in decent condition, keep the ReStore in mind! And if you have very large or cumbersome donations to make, we can even arrange to pick these items up for you. Also, you can help this initiative by spreading the word. This program depends entirely upon the interest of the public it serves, so every individual's support is valuable. Finally, when we open the ReStore for business, you can be of the greatest help simply by shopping with us!

The Northwest Ohio Habitat ReStore is located in the same building as the HFHDC office, at 919 Grove Street in Defiance. If you're interested in learning more about Habitat or the ReStore program, would like to drop off a donation, or simply wish to see the early stages of this venture, please stop in!

Ready, Set, Build!

The start of our thirteenth build is just around the corner! The site for the next Habitat house is 1039 Madison Street, just off of Ayersville Avenue in Defiance. With the property chosen and the house plans ready to go, all we need to take the step to construction are volunteers!

Would you be interested in lending a hand? Our volunteers come from all walks of life, and you don't even need to know a thing about construction. Assistance can come in the form of painting, office work, cooking, and keeping the project in your prayers. If you have some time to spare and you want to make a difference in your community and the lives of so many people, please consider getting involved with Habitat for Humanity of Defiance County. To become a volunteer, or simply to learn more about us, please visit us online at www.habitatdefco.org. Be sure to check back weekly for build updates, too. And, of course, we look forward to working alongside you in our mission to eliminate poverty housing!
